

Rental and Service Charges Musical Instruments

The purpose of rental fees for school owned musical instruments is to recover some of the costs for normal repair and maintenance and replacement costs of the instruments. The rental schedule applies to grades 5-12. If any student has a problem paying the rental fees, arrangements will be made through the band instructor to see that the fee is covered by some other means.

The rental charge for use of school owned musical instruments for grades 5-12 are as follows:

Marching/Concert band instruments - \$10.00 per semester (\$20.00 per school year)

If a student wishes to rent an instrument over the summer, if approved by the instructor AND principal, the charge will be \$5.00. The student must check out the instrument before school lets out for the summer, and check it back in once the following school year starts. (Use policy DFD-R Music Instrument Rental Request and Receipt)

If an instrument is donated to the district, it will be absorbed as a school owned instrument.
